Benefit Walk for MS Makes Tri-Town Debut

By Kenneth J. Souza

Mattapoisett's Nick Bryan-Brown is noticeably pleased he's been named the official Ambassador for the 1998 Marion Multiple Sclerosis (MS) Walk, which will step off on Saturday, April 18 at 10:00 am from Sippican School.

Diagnosed with MS nine years ago, Mr. Bryan-Brown has been active with the MS Society for the past five years. "I was quite honored to be named the Ambassador for the walk," he said. "After I was diagnosed I saw the opportunity to become involved ... and support others with MS."

Though he was, at first, reluctant to become involved with raising money and awareness for MS, he eventually found himself an active member of the National MS Society, and proudly accepts the challenge of touting their efforts.

"It started with minor symptoms ... I found myself having difficulty jogging and walking, and it progressed gradually," Mr. Bryan-Brown said. "During the first couple of years, frankly, I didn't want to face it. But I later became involved (with the MS Society)."

Despite having been diagnosed with the disease in 1989, Mr. Bryan-Brown has still managed to lead an active life in Mattapoisett — where he has lived for the last 10 years — and enjoy his favorite pastime: sailing in and around the waters of Buzzards Bay. Though he may need to use a cane to navigate on land, he has mastered navigating the sea with ease.

In addition to participating in the recent Newport-to-Bermuda Sailing Race, Mr. Bryan-Brown and his crew, sailing in the 210 Class, took the trophy in the 1993 Worlds Disabled Sailing Championship held in Marblehead, MA. It's clear that although he has multiple sclerosis, multiple sclerosis does not have him.

Nick and his wife, Claudia Richards, their 13-year-old daughter Charlotte, and 11-year-old daughter Amanda, have nothing but praise for the Mattapoisett community where they've lived for the past decade. And the family is looking forward to having their friends, neighbors, and fellow residents in the tri-town area join them at the Marion MS Walk to support the National MS Society. "Together we will beat this disease," Mr. Bryan-Brown said.

MS is the most common disabling disease of young adults. It most frequently strikes between the ages of 20 and 40. The symptoms and severity vary greatly between individuals — so newly-diagnosed young adults and their loved ones must cope with a totally unpredictable future. Among other symptoms, MS can cause blindness, paralysis, and speech disorders. Every day 7,000 individuals from Massachusetts face an incredible challenge: learning to live with an unpredictable and often devastating disease — a disease which may rob them of significant physical and mental abilities, their livelihoods, their independence.

Funds raised from various MS Walks, the Society's largest and most successful campaign, will help the Massachusetts Chapter continue to provide vital, local services to Massachusetts families living with this disease. Funds from the MS Walk will additionally help the Chapter remain one of the largest contributors to MS research in the country.

And these efforts are finally bringing some results. The past five years have brought several exciting breakthroughs in MS research, along with new hope that one day in the not-too-distant future, MS will be a disease of the past.

Nick Bryan-Brown and his family hope you will join them for the Marion MS Walk to support local services and research. The event will take place on Saturday, April 18 starting at 10:00 am from Sippican School. The eight-kilometer walk will conclude with a great lunch, good company, and entertainment. For more information on how to participate, please call the National

on Tuesday, April 7 to elect officials in 12 races. Though not all races were contested, the heated campaigns for Board of Selectmen, Board of Health, and Constable were enough to bring residents to Old Hammondtown School between the hours of 10:00 am and 8:00 pm to cast their votes.

An estimated 2,056 voters threw the bulk of their support to first-time candidate Barry J. Denham for the office of Selectman. Mr. Denham received a whopping 1,417 votes — more than a 2-to-1 margin over other first-time candidate, Lynn M. Sylvia, who garnered just 615 votes.

"I feel wonderful," Mr. Denham said during a post-election party at the Mattapoisett Inn Tuesday night

after getting the results. He attributed his overwhelming success to all his campaign workers and "the people in this room ... the people of Mattapoisett."

When asked what some of his first goals will be as Selectman, Mr. Denham said he was ready to deal with the town's financial problems. "We're going to get to work on the town budget, and the upcoming Town Meeting," Mr. Denham said. "I'm going to look at the override articles and decide which ones I personally support, and which ones I don't, and get on with the business of the Town of Mattapoisett."

Though many of his campaign workers were unsure of how the race would pan out, Mr. Denham confessed that he was confident from the beginning. "I've known throughout the campaign that we had the key support it takes to win an election," he said. "The town elected me, and here I am."

By contrast, Lynn Sylvia was noticeably disappointed after hearing the results, but she remained committed to working toward some of the many issues she raised during her campaign. "We ran a good race, and that's what was important," Ms. Sylvia said during a post-election party at the Mattapoisett Chowder House. "When I started this in November, I was determined I was going to have a clean and dignified race, and that I wouldn't allow anything else to happen. My people worked hard to make it happen that way, I worked very hard to make it happen that way."

When asked if she was surprised by the disparity of votes between her and Mr. Denham, Ms. Sylvia said she wasn't. "I really didn't know what to expect," she said. "So I really can't say that I was surprised either way."

Like Mr. Denham, she offered her appreciation to her campaign workers and all the voters of Mattapoisett — especially those who voted for her. "My campaign

committee worked very hard (and) I'm very proud of them," she said. "They worked many hours. I also want to thank the people who had coffees for me ... the people who invited me to speak at their meetings — the firefighters, the various groups."

When asked if she would remained involved with political affairs, Ms. Sylvia agreed she would. "I'll still be at the Selectmen's meetings every Tuesday night," she said. "I plan to be there and participate. Town Meeting is coming up and I think it's very important for voters to get involved. It's our town, it's our tax money. We have a very large deficit facing us now, and I think people should participate in order to be able to have a say in how that

Is there possibly another bid for political office in Ms. Sylvia's future?

Mattapoisett Selectmen's Meeting

April 7, 1998

By Rebecca Fortin

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, April 7 at 7:00 pm by Chairman John N. DeCosta. Also present were Selectman Paul R. Lambalot and Executive Secretary Carol Adams. Selectman Michele Bernier was absent from the meeting.

The evening began with a farewell to Selectmen Chairman Jack DeCosta, who after 21 years of service as a town Selectman, is retiring.

Chairman DeCosta read a prepared statement, at times clearly moved by the full house of residents and town officials in attendance.

"Jack's dedication to the office of Selectman and his love of Mattapoisett will be surpassed by no one," said Executive Secretary Carol Adams. "Knowing Jack as we do, the certainty of being able to call upon him at any time in the future is reassuring."

Chairman DeCosta then presented both Carol Adams and Secretary Melody Pacheco with a potted lily plant each, as Chairman Lambalot mused: "I don't know who will buy the flowers when you're gone."

Chairman Lambalot went on to say that ever since he moved into town 32 years ago, Jack had been his "best friend," and that he considered Jack to be the "town historian."

Building Inspector Andy Bobola presented Chairman DeCosta with a specially-designed building permit. He explained that it was permit number 1, "made out to Mr. Mattapoisett for the construction of anything at anytime, anywhere" and never will expire. Chairman DeCosta thanked Mr. Bobola saying that he was an "outstanding Building Inspector."

The audience expressed their sentiments to Mr. DeCosta through another standing ovation and many well wishes.

April 7, 1998

By Kenneth J. Souza

A regular meeting of the Marion Board of Selectmen was called to order on Tuesday, April 7, 1998 at 7:00 pm by Chairman Loretta B. Schaefer. Also present were Selectman Jonathan "Jody" Dickerson, Selectman Albert E. Winters, Executive Secretary Ray Pickles, and Secretary Helene Craver.

After signing treasury warrants #41 and #4098M for the week and approving the minutes of the March 31 meeting, the board noted receipt of a memo from Mr. Pickles regarding Sippican Auto Sales. According to the memo, the town has voided the business' Class II license for 401 Wareham Road in lieu of transferring the license to a new location at 304 Wareham Road. Mr. Pickles advised that the license will be held until the business obtains all

the necessary permits for the new location.

Under incoming correspondence for the week, the board received:

• Letter from Town Counsel Thomas P. Crotty regarding the town's police/fire station facility. According to Mr. Crotty's letter, "Pursuant to G.L. c. 48 s. 52 which sets forth the duties of the Board of Fire Engineers, 'the Board of Fire Engineers shall have the care and superintendence of ... the buildings, fixtures, and equipment ... owned by the town and used for extinguishing fires.'"

Mr. Crotty went on to write: "Any common portions of the building would be under the control of the selectmen under G.L. c. 40 s. 3." Mr. Pickles noted that he had a meeting with the Board of Fire Engineers and the Police Department and they agreed on the definition of what would be considered "common areas" at the facility. This issue was raised in conjunction with an article to appear on the Annual Town Meeting warrant to bring the building into compliance with the Americans with Disabilities Act (ADA) requirements.

• Chairman Schaefer noted that the Open House at the Music Hall the previous weekend had been well-attended, and everyone agreed the building looked

• Resident Dotty Drolett sent a letter to the board commending their restoration of Music Hall and also to offer some suggestions for future use and fund-raising activities. "You should be commended for making such a wise decision in selling Taber Hall and using the money for the Music Hall," she wrote. "It is absolutely beautiful. HMS WARRANTY

ON DEDUCTING POINTS

When you take out a new real estate loan for the purchase or refinancing of a home, there will usually be points to be paid. One point equals one percent of the amount of the loan. Can you deduct this amount from your current taxable income? It all depends.

If the loan is for the purchase of a new home, the dollar amount of the points is fully deductible in the year you paid it. However, if the loan is for the refinancing of a present mortgage, the points are not currently deductible. Instead, they must be written off over the life of the mortgage.

For example, if you refinance a mortgage for $100,000 for 15 years and pay two points ($2,000), you can deduct 1/15th of the amount paid for points each year - $133.33.

There is one condition where you can refinance your home and deduct the amount paid for points in the current year; that is if the mortgage proceeds are to be used for home improvements.

Call Bruce today with any of your Real Estate questions or needs. We're here to help!! 758-6738.

building."

Chairman Schaefer noted that some additional work still needs to be done and they will continue to make those repairs. "We received $235 in donations on Saturday (at the Open House)," she said.

• Request from the organizers of the annual Feast of St. Anthony to hold the feast again this year on June 14 from 12:00 noon to 6:00 pm on Point Road. As such, they would like to have the road closed off during the feast. Chairman Schaefer noted this has been a very successful event for the past 8 and 9 years. The board unanimously voted to approve their request to close off Point Road during the feast.

• Notice from the Plymouth County Mosquito Control Project that they will be aerial spraying during the week of April 6 to April 10 to reduce larval mosquito populations. However, no spraying will be done over residential areas.

• Notice from Insurance Services Office, Inc. (ISO) that the Town of Marion's Building Code Effectiveness Grading Classification is 10 for one- and two-family residential property, and 10 for commercial and industrial property. "That's as high as you can get," Mr. Pickles said.

• Letter from Sippican Elementary School that a team of children has become the state champion in the "Odyssey of the Mind" Competition. The team of fifth graders will now go on to the World Competition, which will be held at Disney World in Orlando, FL on May 26

through May 30. As such, the team needs to raise about $10,000 to pay for this once-in-a-lifetime opportunity.

The winning team managed to build a structure out of 15 grams of balsa wood which ended up supporting an amazing 685 pounds, earning them first place honors.

They have requested the use of the town-wide mailing to solicit contributions for their trip. Reservations need to be made by April 24. It is estimated that it will cost $10,000 per student for airfare, room and board, an OM t-shirt, and other expenses. Those interested in making a donation can send checks, made payable to "Sippican School - Odyssey of the Mind," to: Sippican School, P.O. Box 1290, 16 Spring Street, Marion, MA 02738.

The students' teacher have also requested the use of Fire Station #2 for a Car Wash fund-raiser to be held on April 25. The board unanimously approved the request.

"This is something to be very proud of," Chairman Schaefer said.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 7:30 pm.

Rochester Selectmen's Meeting

April 6, 1998

By Rebecca Fortin

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, April 6, 1998 at 7:00 pm by Chairman Richard D. Cutler. Also present were Selectman Lorraine Roy Hawkes, Selectman William D. Chamberlain, Administrative Assistant Veronica Lafreniere, and Executive Secretary Russell Dean.

The first order of business on the agenda was an appointment with Fire Chief Scott Ashworth regarding his request for a three-year appointment with the department as chief.

The job has been "everything I expected it to be and more," said Chief Ashworth. He went on to explain that he has been Fire Chief for four years and affiliated with the department for 26 years. He currently has a year-to-year appointment.

Chairman Cutler and Selectman Chamberlain both agreed that a three-year appointment would be appropriate and moved to approve the suggestion.

Selectman Hawkes, on the other hand, opposed the idea, citing unnamed occurrences that have "transpired over the last year." Selectman Hawkes thought it may be appropriate to discuss the topic further in an Executive Session, before making any decisions.

"There is nothing wrong with having a dialogue with the chief," said Selectman Chamberlain, "but I don't

think it's anything that should hold up an appointment."

Chairman Cutler agreed, and they approved the three-year appointment, with Selectman Hawkes in opposition.

The second appointment on the agenda was with School Committee Member Bob Cummings in regards to the Rochester Memorial School generator.

"As a School Committee, we are very concerned," Mr. Cummings explained, adding that the absence of a generator at the school was a "lawsuit waiting to happen."

Mr. Cummings asked the board to imagine a scenario in which there was no power, leaving 450 students without heat, lights, or water.

Mr. Cummings explained that the generator — which has an estimated value of $15,000 to $20,000 — was donated to the town several years ago. At the time that it was received, there were several estimates that were submitted via bids that brought the total project cost to approximately $42,000. At that time, the School Committee had $30,000 in town-appropriated money. Therefore, the committee needed an additional $12,000 which was subsequently turned down. "Chances are, these numbers will be significantly higher today," said Mr. Cummings.

He estimated that the project could cost upwards of $80,000 today based on labor and equipment costs.

The cost is exceptionally high because of several factors, including the omission of an emergency panel within the school's construction. As a result of not having a generator, emergency lights would stay on only for one-and-a-half hours and there would not be any phones in such an emergency.

A transfer switch would be a less expensive and more acceptable method to install rather than an emergency panel. Mr. Cummings explained that there had been a company which held the price at $13,000 for the switch and the wiring, but the town hadn't responded quickly enough, thus losing that option. The price today would be about $20,000.

Mr. Cummings said that to complete the project, the school would need to be shut down for two to three days, so summer vacation would be an ideal time to complete the project.

Executive Secretary Russell Dean said that it was too late for the committee to get the request for additional dollars on the warrant for the Annual Town Meeting, unless it was entered as a petitioned article which would require the signatures of ten residents. Mr. Cummings

RABIES

I have a cat. Does she need to be vaccinated against rabies?

Most definitely! Cats are the domestic pets which get rabies most often. Cats are hunters by nature, so they are more likely than dogs to come in contact with rabid raccoons and skunks.

But my cat never goes outside.

Unexpected things happen. Your cat may accidently wander out of an open door or a rabid raccoon or bat might get into your house. An unvaccinated cat that bites someone, even during play, becomes a rabies suspect.

homes or barn/outside situations for Robin and Braveheart, two cats who have been advertised here many times. They also have two black and white neutered males who need an inside/outside placement.

This week the group has a four-year-old declawed black and white spayed female whose owner died. There is "Pudding," a spayed four-year-old grey striped female, a real lovely lap cat whose owner has also passed away.

There's a short-haired light grey neutered male who's a love but needs an adult home placement only.

Kitten season is upon us, and if you would like some information and to "pre-qualify," please call Elaine at 758-6548.

There is one dog available at the Fairhaven Animal Shelter this week: a beautiful, energetic black lab male under one year old. If interested, please call Kristy at 979-4028 to view him. The shelter is open Monday, Tuesday, Thursday, and Friday from 9:00 am to 4:00 pm, and Wednesday and Saturday from 9:00 to 1:00.

Mattapoisett Forms Library Group

In preparation for a major renovation and building project to revitalize the Mattapoisett Free Public Library, a group of volunteers has been meeting to establish a new non-profit support group, the Friends of the Mattapoisett Library.

Membership is open to all persons interested in supporting and expanding the library. Dues range from $10 for an individual to $25 for a patron, with a special $5 discount for seniors (age 60 or older) and young people (age 13 to 18). In addition, family membership is available at $15.

Besides fundraising, the group has targeted several areas of improvement that were identified by library patrons during a recent user survey conducted by the library staff. These include: a rental library for popular best-sellers, increased programs for children and adults, on-site child care for special programs, additional museum passes, workshops on computer software and Internet access, and a new library newsletter to keep patrons informed of new materials and events.

To The Citizens of Mattapoisett:

We want to extend our gratitude to all the people who have been so helpful throughout our campaign.

So many people have assisted in so many ways.

We appreciate all the efforts of our Committee, and their many hours of working, planning, recruiting and calling.

We also want to thank the people who attended our meetings and worked with us.

To those who contributed their time writing for us, decorating for the dance, and installing and holding signs, thank you.

We are grateful to all those who agreed to have Denham signs in their yards, and certainly to all those who helped financially.

We also want to thank the many people who attended our dance at the K of C Hall.

And, most importantly, thank you to all who voted for Barry Denham for Selectman.

Administrative Record File Available
for the 56 Ocean Drive Site Removal Action

The U.S. Environmental Protection Agency (EPA) announces that the Administrative Record File for the 56 Ocean Drive Site in Mattapoisett, Massachusetts is available for review. EPA seeks to inform the public of the availability of the Administrative Record File and to encourage the public to review and comment on it. The removal action will consist of the excavation of contaminated soil and its disposal at an EPA-approved facility. Due to the size constraints of the site, EPA's contractor will obtain the services of a transportation and disposal contractor prior to any on-site mobilization of personnel and equipment. After the disposal bid is awarded, EPA and their contractors will mobilize to the site. EPA will perform on-site analysis to determine the extent of contamination and to ascertain if the cleanup level has been achieved. The removal action will not impede any future remedial actions. The On-Scene Coordinator (OSC) plans to evaluate alternative technologies such as incineration, neutralization, and recycling during the course of the removal action. The choice will be based on the most environmentally sound and cost-effective technology.

The Administrative Record File is the collection of documents that formed the basis for the selection of a removal action at the site.

The Administrative Record File is available for review at the:

- U.S. EPA Records Center, 90 Canal Street, First Floor, Boston, Massachusetts, 02114, (617) 573-5729, by appointment.
- Mattapoisett Public Library, 7 Barstow Street, Mattapoisett, Massachusetts, 02739.

Written comments on the Administrative Record File should be sent to: On-Scene Coordinator AmyJean Lussier, U.S. EPA, John F. Kennedy Building, Mailcode HBR, Boston, Massachusetts, 02203. Comments should be sent to the On-Scene Coordinator within 30 days of this announcement.

Seawall Project Forges Ahead

The final push to raise almost $20,000 to complete the seawall project in Mattapoisett has been launched by the Mattapoisett Land Trust. To date more than $80,000 has been contributed by the general public and businesses for the work on the trust's so-called Munro parcel adjacent to the town wharves.

The wall was designed to stop storm-caused waves from eroding the property and contributing to the undermining of the town's Mello Wharf and the westernmost access road to all of the wharves.

Work on the project has been going on for much of the winter by contractor Dale Briggs of Marion. It has provided a grand opportunity for interested citizens to observe the progress on a daily basis.

Contributions in any amount, including stocks and bonds, would help the trust meet its $100,000 goal for the project. Businesses and individuals who have not been solicited in the past will be the focus of the current drive. The Mattapoisett Land Trust is a private, non-profit organization.

Once the wall has been completed, the parcel will be landscaped and the rail fence replaced. Students from Old Hammondtown School have been approached about planting sea grass at the landward edge of the wall.

Please mail contributions to: Mattapoisett Land Trust, P.O. Box 31, Mattapoisett, MA 02739.

"Our Town" in Marion

On May 1 and 2 at 8:00 pm, the Marion Art Center will present the play "Our Town" by Thornton Wilder in the newly-restored Music Hall as a gift to the town to celebrate the re-opening of the historic Romanesque structure.

Many concerts and theatrical events have taken place in the Music Hall in Marion over the years. In 1932, a play called "Aren't We All" featured 100 local people in the show. The Hornblowers produced "You Can't Take It With You" and other pieces in the historic old building before moving to the Art Center in 1957.

Over 30 people will have speaking parts in the Pulitzer Prize-winning play. The directors are Jane Babbitt and Donn Tyler. The play is narrated by the stage manager, played by David Horne, who also serves as shop keeper, minister, and omniscient guide. The plot begins with a simple day in the life of a small town (named Grovers Corners, but it could easily be Marion) beginning May 7, 1901, followed by Acts II and III spanning about 15 years. This timeless piece explores universal themes, emotions, and experiences and is

Space Oddity

BY ROB GONSALVES
local@wanderer.com

■ *Lost in Space*. Starring William Hurt, Gary Oldman, and Mimi Rogers. Directed by Stephen Hopkins. Running time: 130 minutes. MPAA rating: PG-13. At Cinema 140 in New Bedford.

Having never seen the original TV series *Lost in Space*, I had no preconceptions of how the new movie version "should have been done" and am free to judge it independently on its merits as a movie. Having now seen the film, I have many ideas about how it should have been done. How about ... intelligently? Perhaps with some wit and originality? A little less dependence on CGI effects and a little more attention to the script? A single moment that doesn't seem pitched to slow ten-year-olds? Movies like *Lost in Space* are routinely defended as "just fun," but when did "fun" become synonymous with "bland" and "shallow"?

We're in 2038, when the Earth is in trouble: In another twenty years, the planet won't be able to support human life. So the plan is to ship everyone to another human-friendly planet, Alpha Prime (and presumably ruin *that* planet too). Professor John Robinson (William Hurt) will lead the way, taking his family with him. The premise of both the show and the movie is that the Robinsons' ship gets knocked off course, leading to many episodes of well-loved TV adventures.

The problem with the movie — well, one among many — is that it adopts the episodic structure of a *Lost in Space* marathon on the Sci-Fi Channel. The characters — also including the macho pilot Don West (Matt LeBlanc) and the evil stowaway Dr. Zachary Smith (Gary Oldman) — go from one damn crisis to another, and the episodes don't build on each other; we don't feel that the heroes are in a situation beyond their control, but rather that the filmmakers are running to catch up with a big movie beyond their control. The film is like an unguided missile.

Lost in Space was directed by Stephen Hopkins, a solid action craftsman (he made *The Ghost and the Darkness* and the underrated *Judgment Night*). Hopkins keeps things moving, and

a couple of the space-chase sequences have an adrenalized lift to them. But the movie keeps crashing into clichés — those being the specialty of screenwriter Akiva Goldsman, who worked on the last two terrible *Batman* entries. Seasoned moviegoers will find much here to roll their eyes at, whether it's the tired device of the absentee dad (Professor Robinson is always missing out on his son's milestones) or the introduction of an allegedly cute critter named Blarp, who makes the movie seem even more like a two-hour toy commercial.

The casting splits you down the middle — you don't know whether to be grateful that you at least have good actors to watch, or to regret that they're given nothing to do. The idea of Gary Oldman as Dr. Smith promises more diabolical fun than you get; this is one of his very rare dull performances, weighed down by a script that doesn't let him take off. The Robinson children are non-entities: Judy (Heather Graham) is defined almost entirely by her Princess Leia-Han Solo hostile banter with Don West, Will (Jack Johnson) is a little techno-geek, and Penny (Lacy Chabert of *Party of Five*) is like Sarah Michelle Gellar's less talented kid sister. Mimi Rogers, who has been impressive elsewhere (*The Rapture*), is yet another wife telling her man to be careful; she could start by telling him to wake up — Hurt gives another of his recent string of somnambulistic performances.

The climax is some nonsense involving a "time bubble," which is really a code name for a gimmick useful to desperate screenwriters. *Lost in Space* is so full of time bubbles it's practically effervescent, and the ending is left so arrogantly unresolved that I sat stunned for a moment until I realized — Of course! They're leaving it open for a sequel!

Lost in Space is so witless that it never answers the major question raised by both the TV show and the movie: When the Robinsons find Dr. Smith aboard the ship, why don't they just shoot him in the head and get it over with? "Because then there wouldn't be a movie," you may say. Well, so what?

This Week's Horoscope

by Linda Black

Aries (March 21-April 19). Your enthusiasm knows no bounds and you're lucky, too. Don't hold back.

Taurus (April 20-May 20). Unseen forces encourage romance and lead to a lucky encounter. Pop the question and get back to work.

Gemini (May 21-June 21). Practice and polish your skills. You can move from novice to expert.

Cancer (June 22-July 22). Ask an older person for money and you're liable to get it, especially if you've completed all the requirements.

Leo (July 23-Aug. 22). These are good days to look for a job. Relax with a good book after a hectic day.

Virgo (Aug. 23-Sept. 22). The pressure is fierce, but don't let it get you down. Your strength increases so that you're able to handle it.

Libra (Sept. 23-Oct. 23). Get a friend to referee a fight you're having with your sweetheart. It's a simple misunderstanding, but neither of you will figure it out on your own.

Scorpio (Oct. 24-Nov. 21). There's too much work. Authority figures are particularly tedious. Lighten your load by talking others into doing part of the chores.

Sagittarius (Nov. 22-Dec. 21). You provide the idea that makes the adventure go well. Don't just be resistant. Also do the work and you could excel.

Capricorn (Dec. 22-Jan. 19). Share expenses with friends to get what you need for your home. Make travel plans and put your money down on a dream.

Aquarius (Jan. 20-Feb. 18). Your idea has merit. Get a partner to help you put it into action. Spend time getting financial affairs into order.

Pisces (Feb. 19-March 20). The work is hard, but it pays well. Devote lots of time and attention to your partner. Your support makes all the difference.

If You're Having a Birthday This Week: Love is in the air, and so is a big commitment. Follow a mental attraction. Passions lead to hard work, as you break through old barriers. Work demands your full attention, and cooperation from others.

("the blue book") published every year by the Tri-Town League of Women Voters. Listings and changes are FREE. Any new resident without a book may request a FREE copy at The Bookstall on Front Street in Marion.

New residents (since last April) of Marion, Mattapoisett, or Rochester and also residents who have moved from one place to another within the tri-town area should send their present address and phone number to: LWV Phone Book, 44 Stoney Run Lane, Marion, MA 02738. There are forms for this purpose on the back of the current book but a legible post card is fine. Editors John and Claire Russell may also be telephoned at 748-2542.

People who do *not* wish to be listed in NYNEX but would like to be included in the tri-town phone book should immediately inform the above editors. Residents currently listed in the "blue book" but not in NYNEX must *reconfirm* their listing. These listings cannot be included without a yearly confirmation.

Residents should check the current book for accuracy and to make sure their listings are in their preferred form. If requested, the LWV will add a P.O. number. Suitable abbreviations may be necessary.

The Marion/Mattapoisett/Rochester Telephone Directory is a community service provided by the local League of Women Voters. It is made possible by the support of its advertisers and the work of dedicated volunteers. Multiple copies are given to the three town governments, all the schools, and other community services, and a FREE copy goes in the mail to every postal patron in the three towns. For further information, please call Claire or John Russell at 748-2542.

Mattapoisett COA Openings

There will be two openings on the Mattapoisett Council on Aging (COA) in April, each for a term of three years. The COA is a department of the town and members are appointed by the Board of Selectmen. The council is a working board whose purpose is to identify the needs of all elders, to educate and enlist the support of the community, and to design, advocate for, and implement the services to fill those needs.

The COA meets every second Tuesday of each

AFS Intercultural Program

In today's world, where countries and cultures are increasingly intertwined and interdependent, the understanding and appreciation of cultural differences are vital to peace. AFS Intercultural Programs has been working for over 50 years toward world peace and understanding by conducting high school exchanges, and the Old Rochester Regional High School chapter has been in operation since the early 1960's.

Every year, more than 10,000 students spend a year, a semester, or a summer in a foreign land with a host family. The students learn a new language, culture and way of life, and in the process, they become true citizens of the world. Host families open their hearts and their homes to teenagers from around the world, making student exchange itself possible. This past school year, two families in the Old Rochester communities welcomed AFS students into their lives. They are hosting students from Italy and Portugal, teaching them about the United States, and allowing our community to learn from these youthful representatives of other cultures.

When AFS was started 50 years ago, students from war-torn Europe came to America to experience another way of life and to understand and appreciate our world's cultural differences. This mission of cultural understanding and tolerance is as relevant today as it was after World War II, and hosting families help to build bridges of understanding. Along the way, we all learn a great deal about ourselves, as Americans and as citizens

THE HOME GAME

By Jenny Truax

HIPPITY-HOPPITY: The Easter Bunny is on his way! Let's remember some pet safety. Chocolate is not good for your pets and even small amounts can be toxic for a small dog. Just four ounces of milk chocolate or half an ounce of baking chocolate could spell death for your small pooch.

FRESH ASPARAGUS: Easter dinner is a good time to serve tiny fresh asparagus spears. Make sure you're getting your money's worth by checking for freshness. The tips of the spears should be tight against the stalk. If the tips are spread out or not lying tight against the stalk, look elsewhere. This is an indication that the asparagus is not fresh and has been sitting in the store too long.

BETTER EGGS: If you're planning to dye eggs this Easter, be sure to buy eggs that have white shells. Adding a couple tablespoons of vinegar to the cooking water will whiten the eggs and guard against cracking while they simmer.

HOT POTATO TIP: You can mash potatoes ahead of time and keep them warm until dinner by putting them in your crock pot on the low temperature setting. In the bottom of the slow cooker melt one teaspoon of butter. Then top with your already mashed potatoes. They will hold in there for two or three hours. The crock can also double as a serving piece.

SURPRISE FLOWER BEDS: If you just moved into a new home this winter, don't rush out and dig up the barren spots in the flower beds. Wait before digging; there may be some perennials hiding waiting for warm weather. That unsightly dirt patch may well be a beautiful peony bush waiting for the spring thaw.

He's Here...

Every week we hide the aardvark in *The Wanderer*. For those of you not familiar with this practice, here's how it works. Each week we hide a little aardvark (shown above, actual size) somewhere in the newspaper (not counting the aardvark above). If you find him (or even if you don't) you can send in a postcard with your name, address, and phone number to the address below to enter our Aardvark Drawing! This week we are giving away an "I found the Aardvark" lapel pin. Send entries to: Aardvark, P.O.. Box 102, Mattapoisett, MA 02739.

WE ALL MAKE MISTAKES

Fortunately, some can be corrected.

So you should have replaced your old oil-guzzling boiler last year. So you made a mistake. Fortunately, you can still save a bundle this year with a fuel-efficient Smith oil-fired boiler. With its 86% efficiency rating, your Smith boiler pays for itself in fuel savings in no time. Add up the efficiency, comfort and limited lifetime warranty and you'll discover that you can't afford to wait another day.
